There's so much to love about autumn. Not only have most of the crowds gone home, but the sea is at its warmest (perfect for an end of season dip!) and the skies are alive with birds migrating south for the winter. Not to mention the changing colours as trees take on their lovely red and gold hues.

So, although autumn's shorter evenings make walking long sections a challenge, we have hundreds of shorter walks available on our website for you to enjoy over the coming months. Click on the links below to discover our favourite 'Autumn Ambles' along the Path.

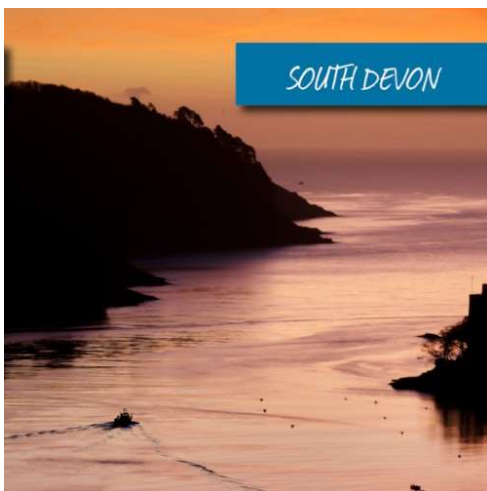

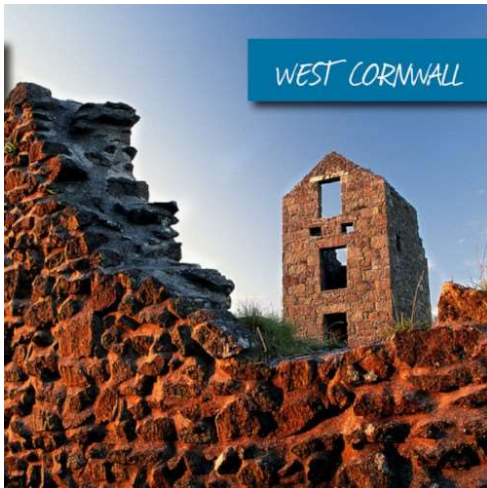

We're also gearing up towards the [South West Coast Path Challenge](#) next month and encourage you all to sign up to one of our fantastic organised walks this October. We've already raised over £25,000 for [#40FOR40](#) and all Challenge sign ups counts towards the total, so it's a great way for you to help us reach our £40,000 target. Click [here](#) for a complete list of walks you can take part in.

In other news, we give you the chance to vote for our winner of this year's [Beside the Sea](#) photo competition (voting closes tonight!) and tell you about some new items in our online shop.

Have a great September folks!
