FIELDS IN TRUST – WHAT IS A DEED OF DEDICATION?

- It protects the field from things that could stop it being a green space now and in the future
- It keeps the ownership of the land with the parish trust
- It sets out what the Playing Field Trust can and can't do with the space
- It's flexible enough to allow for future changes in recreational use

In a nutshell, the protection is a legal agreement between Fields in Trust and a space's landowner that they will retain it for use as a green space, usually a public park, playing field or recreation ground, in perpetuity.
