## Finding a specific grave in Mawnan Churchyard

This database is designed to facilitate locating the whereabouts of the grave, plaque or monument commemorating persons recorded in this graveyard. Please note that this does not include memorials in the new graveyard to the East. The churchyard of Mawnan Church has been classed as a closed graveyard since 2017 and, unless by prior agreement, no new interments can take place here.

Used in conjunction with the map displayed at the entrance to the graveyard and included here in handy form, graves are located within a 10 metre square and plaques to a position on the Memorial Terrace.

### For Graves and Monuments:-

Find the surname on the database from the alphabetically ordered listing.

Find the particular individual from the further columns of data (which are not alphabetically ordered to preserve family links).

In the column headed E N will be found a number and a letter i.e. 5 W The grave will be found in this 10 metre square.
