Dear Sir/Madam,

The Parish Council writes in strong support of the proposed Public Right of Way Order referenced above (also known locally as Admiralty Road or the 'Tank Track').

The Council is of the view that the Order would provide a valuable benefit to the local community by improving accessibility and supporting the enjoyment of the surrounding countryside and Helford River. The path is also an important part of the area's heritage with its strong links to D-Day.

Members recognise the importance of protecting and maintaining public rights of way and believe that the proposal represents a fair and appropriate balance between public access and the interests of landowners and other stakeholders.

We respectfully request that the Council's support for the Order is noted as part of the decision making process.

Yours faithfully,
